B.Tech Artificial Intelligence and Data Science - Sri Eshwar College of Engineering	CGPA: 7.3	2023-2027
HSC – SRI CHAITANYA TECHNO SCHOOL 69%		2021-2023
SSLC - KATHIR VIDYAA MANDIR		2020-2021

INTERNSHIP

G- Zoft Tech Solutions – MERN	2025
--------------------------------------	-------------

Gained hands-on experience in the MERN (MongoDB, Express.js, React, Node.js) stack. Developed and implemented data warehouse solution, contributing to data storage and retrieval functionalities using MERN technologies.

AI-AGENTS

Completed an AI internship with hands-on experience in Hugging Face, LangChain, CrewAI, Streamlit, and Groq API. Worked on Prompt Engineering, Pydantic, ReAct, SerpAPI, FAISS, Tokenization, Hybrid Search, and LLAMA Index.

PROJECTS

AI Math Problem Solver in Interactive Manner	2025
---	-------------

Engineered an AI-driven math problem solver with real-time handwritten equation recognition, extracting step-by-step video guides for faster resolution. Integrated animated equation visuals and dynamic graphing to enhance math learning and user engagement. Key Technologies: Computer Vision, NLP, AI Agents, Educational AI, Deep Learning, Dynamic Video Creation, Interactive Visualization [Watch the Video](#)

Altalytics - AI Data Science – Convert the Raw data to useful Insights and Dash boards	Present
---	----------------

Built an AI-powered platform for seamless data sourcing, synthetic data generation, automated model building, and AI-driven dashboard creation. Enabled users to create, analyze, and visualize datasets with advanced AI workflows for informed decision making. Key Technologies: AI, Data Sourcing, Synthetic Data, Model Building, AI Dashboards, Data Analytics, Data Visualization

CERTIFICATIONS

Programming in python for data science by IBM	2025
Introduction to Artificial intelligence by IBM in coursera	2025
Supervised Machine Learning: Regression and Classification by Stanford and Deeplearning	2025
Advanced Learning Algorithms by Stanford and Deeplearning	2025
Data Structures and Algorithms by Udemey	2025

CODING PROFILES

Leetcode : Solved 400+ problems | Max Rating : 1,576 | Global rank : 186,712

Geeks For Geeks : Solved 64+ problems | Institute Rank : 76

Codechef : Max Rating : 1183 | Global Rank: 88399 |

Skill Rack : Solved 170+ problems | Top 18th in Contest - College level | 53+ Bronzes

SKILLS

Programming - C | C++ | Python | Java

Core Concepts - Data Structures & Algorithms | DBMS | Object Oriented Programming | Deep Learning | AI Agents

Web Technologies - HTML | JavaScript | React | Node.js | Express.js **Backend Teck stack** - FastAPI

Database - MySQL | MongoDB | PostgreSQL (basics)

Data Science & ML Teachstacks - Pandas | NumPy | Matplotlib | Pyspark | PyTorch | Supervised ML | Transformers

Concepts | Matplotlib | Seaborn | Power BI | Tableau(basic)

Ai Agent Frame Work - Pydantic | Langchain(basics)

Tools - VSCode | Canva | Excel | PowerPoint | Jupyter Notebook | Blender | GitHub | Git | figma

ACHIVEMENTS

1st Place in Code Fiesta

1st Place in Mini Project Expo
